**JOB DESCRIPTION**
Sesaco is seeking an intern to work under the direction of Field Tech Rep to complete various tasks in sesame production. The areas of emphasis includes but not limited to:

- Understanding and effectively communicating technical fit and benefits of sesame within production systems.
- Assist in implementing agronomic techniques that helps producers achieve stands of sesame.
- Assist Field Tech Rep with grower education, grower meetings, field demonstrations, and timely responses.
- Operate in close coordination with producers in equipment calibration, crop monitoring, and harvester setup.
- Assist to establish side-by-side trials, collect and summarize performance data to optimize recommendations.
- Assist in managing relationships with crop consultants and growers.
- Develop networks of producers to grow sesame for Sesaco.
- Travel to other growing areas and assist other Sesaco Representatives.

**QUALIFICATIONS AND EDUCATION REQUIREMENTS**

- Farming background or agronomy training.
- Have the ability to express ideas clearly and effectively, both verbally and in writing to groups or individuals.
- Be able to handle and operate horticultural hand-tools and farming equipment safely.
- Skilled at negotiating win-win strategies, conflict resolution and handling objections by taking initiative and finding creative solutions.
- Be able to lift 40 lbs.
- Have a working knowledge of Microsoft Office Software.
- Have a valid driver’s license and acceptable driving record.

**ADDITIONAL NOTES**

*Please attach a resume and a cover letter when applying for internship*
